

THE COURT CHIMES

2023, "RESPECT FOR OTHERS"

FROM THE PRINCIPAL'S DESK

PATRICIA RODRIGUES OAM, PRINCIPAL

Welcome to the 2023 school year, and our first newsletter for the year. I would like to especially welcome our new Head of Primary, Mr Steve Dowie. Steve comes to us as a very experienced Primary Principal and has already made himself known to many of our families.

Our students and staff have settled well and have hit the ground running. We were grateful not to begin with COVID closures and all its related complications. Our focus this year is on **Respect for Others**, and we have already had many occasions to explore what this implies. We have packed a great deal into our first 5 weeks already and are looking forward to the long weekend to take a breath.

We also began the year with a great deal of media coverage about AI and its use via Chatgpt. While the Education Dept of WA has banned its use in Government schools we have decided not to follow. We feel we need to find out a great deal more and support our staff and students along this journey. It only seems a few years ago we felt the same way about the internet, emails and all things related.

Our **Year 12 Ball** held on 28 January was a truly memorable evening, even with the late change of venue due to the Scorchers Final.

Our **Sir Charles Court Futures Assembly** with Bishop Kate Wilmot delivering the 2023 Oration which focused on Sir Charles' military career his duty to "others". We were fortunate to have our Board Chair, Dave Gossage, who received our Year 12's and Hugh Jones our local member in attendance as well, who badged our 2023 Student Leaders.

Court Grammar School Upcoming Events

Monday 6 March

Labour Day - public holiday

Tuesday 7 March

IPSHA Primary Interschool
Swimming Carnival

Wednesday 15 March

ACC Interschool Swimming

**Wednesday 15 - Monday 20
March**

Wednesday 5 April

Primary Cross Country

Thursday 6 April

Secondary Cross Country

Students conclude for Term 1

Wednesday 26 April

Students commence Term 2

Tuesday 2 May

Secondary Parent Teacher
Meetings

FROM THE PRINCIPAL'S DESK

Our **House Swimming Carnival** is increasing in popularity. Swimmers competed for places in our interschool team which will compete against other ACC schools on 15 March.

The **Year 6's** have attended their Bickley Camp and I am sure that you will enjoy reading more about their experiences further in.

Marron Cup, held last Friday, was I think the best we have ever had!! Beginning with a wonderfully crazy Assembly which set the scene for the rest of the day. The primary students were involved with games after lunch, with the all-important cricket games in the afternoon. There are some photos included later in this issue for you to enjoy.

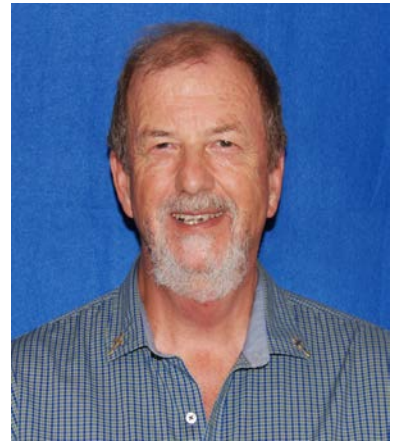

Enrolments - I have commenced the Year 7 enrolment interviews for 2024 as places are very limited. Please ensure that you submit applications for siblings as a matter of priority for all year groups.

RAT Tests - we have a supply of RAT tests which are due to expire later this year, please let Reception know if you would like to have some sent home. It seems such a waste for them to be sitting in our cupboard when there may be families that could use them.

CHAPLAIN'S CHAT

REVEREND NOEL OAKLEY

Life never seems to run the way that we would like it to go.

I think that's because for some reason we believe that we can have complete control over everything that is happening around us. The first weekend of February demonstrated to us that "everyday normal" can change rapidly, without warning with irreversible results.

In the Swan River, a group of young people enjoying the water and the joy of sharing that space with a pod of dolphins turned into the death of a young woman, attacked by an unseen shark. People living near the Eastern Turkiye/ Northern Syria border, a meeting place of three tectonic plates, were rocked by a 7.8 Earthquake. As I write the death toll is 4 000 and expected to be higher.

In both cases, the "everyday normal" changed in a moment. Yes, the young people recreating in the Swan would have known bull sharks inhabited the river, but "We're OK." The inhabitants of the region devastated by the earthquake are used to tremors, but not like this, not in the middle of winter....

For all the advances in society, controlling the unexpected, will remain unachievable. For some, because it is unachievable, they live in fear, being anxious everyday, just in case. Others, can throw caution to the wind and just live, sometimes at the expense to their own or others safety.

It has always amazed me that when "life doesn't run the way people want it to, " God is called upon to explain why, give hope or seek comfort. It amazes me because such a response can come from Christian and non-Christian alike.

Life is not easy at times, and the answer to the "Why" question is impossible to find. But God gives us hope and courage to go on, even when the going is tough. God will bring people into our lives to support us, even when going on makes no sense and we feel alone.

The four schools affected by the young student's death, the families waiting to know if their family members can be found dead or alive after the earthquake, they need our prayers to find hope...a way forward.

How do I best support my teenager at school?

As we start a new year of school, for a large number of parents it may be the first for them with a child entering Secondary school. Whilst the opportunities to be physically present may be less frequent than in their primary years, parents still play an important role in helping their teenage son or daughter be successful at school. We know that students whose parents or carers actively show an interest in their schooling will perform better. Helping our teenagers be successful is a joint effort. It is important that the students get similar messages from both home and school regarding expectations of behaviour as well as the value of education.

Here are five simple tips on how to give your teenager messages that you are interested in and value their schooling:

1. Attend school events

Simply by attending school events you give a message that you are interested and value what they are doing. As well, you will have a greater sense of your teenager's context at school when you are talking about school during the year. You will have a greater sense of their teachers and an increased understanding of the school's approach which will be helpful should your son or daughter come home disgruntled about something.

2. Stay connected

Be aware of how the school communicates and stay informed about their progress. Stay abreast of messages to do with their cohort and other school happenings through SEQTA, the website, Facebook and newsletters.

3. Homework

Support your son or daughter to set themselves up for success by establishing routines and spaces which allow them to complete the increasing demands of homework and study as they get older. If things get too much for them, encourage your teen to ask for help when it's needed. Most teachers are available for extra help before or after school, and also might be able to recommend other resources. CGS runs after-school classes in the Pavilion every day except Friday.

4. Diet and Sleep

Teenagers who eat a good breakfast and who have a good nights' sleep, free from interruptions from devices are more likely to do well at school. Teenagers need between 8 to 10 hours sleep a night. Work back from the time they need to be awake in the morning and establish a good routine in the evening.

5. Manage Devices

Staying up late at night using social media or gaming significantly hampers a teenagers' ability to cope and focus the following day. In addition, we see many social issues arise at school from what has occurred on-line over the weekend or at night. Be aware of what your teenager is doing on-line and have an understanding with them on how it will be managed. I would also encourage not allowing them to have their device in their bedroom at night.

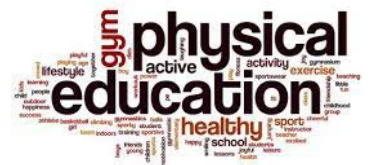

Now that students have settled into their subjects for the year, if there is one piece of advice I can give to Year 10 students, it's that Semester One counts! The reason is, that early in Semester Two we begin talking about subject selections and some students will also consider applying for Off-Campus TAFE VET in Schools courses. Entry to courses will be based on student's performance in Semester One, hence my reminder that Semester One counts! I've now handed out to all students in Year 10 a booklet that outlines the prerequisites they need to have by the end of the Semester for entry into ATAR subjects in Year 11. Included in the booklet is also the criteria that TAFE will judge applications on.

Secondary students in Years 7 & 9 will begin their NAPLAN testing on March 15. In preparation for this testing, students will participate in practice assessments to ensure they are familiar with the format of the online tests. Students and parents are reminded that part of the NAPLAN testing is a listening component, and students are expected to bring earphones to plug into their devices. Please ensure your child's device is charged overnight and ready for assessments the next day.

The School Curriculum and Standards Authority of Western Australia have published the examination dates for the WACE practical exams. This will affect students studying ATAR Physical Education Studies in Year 12.

The practical examinations will be held during the first week of the Term 3/4 holidays. Candidates will be scheduled to take their examinations on one of the days from Saturday, 23 September to Sunday, 1 October inclusive. This will include weekends and public holidays. The exact day of the student's examination will be published by the School Curriculum and Standards Authority on 5 September. Please be aware these dates are set by the School Curriculum and Standards Authority. Feel free to contact myself or Mr Bristow if you have any queries regarding this.

PRIMARY NEWS

STEVIE DOWIE, HEAD OF PRIMARY

I would like to welcome our new staff, students and families, along with our existing students and families to the 2023 school year at Court Grammar School.

Thank you to all the parents for supporting the school by sending your children to school prepared to learn. The first few weeks of a new school year are always spent getting to know our students by building positive relationships.

The children have also been involved in some rigorous testing to assist the teachers with their planning and how to cater for the individual needs of each student.

Our Year 3 and 5 students will be involved in NAPLAN testing starting on Wednesday 15th March. Please remember that these tests are just a snapshot on one day of your child's progress. You can get much more information regarding your child's progress from your child's classroom teacher.

I would like to acknowledge the staff who attended the Year 6 camp, Miss Birmingham, Mrs Burgess, Mrs Brown, Miss Cavill and Chaplain Noel. I also had the privilege of attending the three day camp at the Bickley Recreational Centre. The students were engaged in a series of challenging team building activities. They ate well, played hard and slept most of the time. As parents of our Year 6 students, you should be very proud of the way they participated in the camp and supported the staff and their peers. The school has outgrown the Bickley Camp, so we are looking at an alternative for 2024.

We had a very encouraging turn out for our Parent Information Sessions held last week. I would like to thank the staff for preparing such informative presentations and remember what I said previously about contacting your child's teacher for accurate up to date information regarding your child's progress.

I was extremely impressed by the enthusiasm and organization of last Friday's Marron Cup. The assembly was something to see. The participation and team spirit displayed by the staff and students was something I have never experienced before.

Today was our first assembly for 2023. Mr Taylor's Year 3T class entertained us with a surprise performance that was kept under wraps. It was wonderful to see so many parents in attendance.

I would like to acknowledge and congratulate Jayrell Robinson – Millar on being selected to represent Australia in the World's Junior BMX Championship to be held in Scotland later in the year. Jayrell has been training hard and competing all over Australia and it is a credit to him and his family on his selection to represent Australia. Well done and good luck Jayrell.

YEAR 12 BALL 2023

On the 28th of January, the Year 12 Class of 2023 arrived at the Hyatt Regency at 7:00 pm for the pinnacle of their school social calendar.

Mr Freel was especially impressed at the tenacity of his students, all of whom were only told days before about the sudden change in location. Everyone arrived grand and opulently, greeted by members of our staff and absolutely delicious mocktails.

Immediately upon entering the room, we found a lolly table - Assorted lollies decorating the entire surface, alongside two different types of photo booths (which everyone was quick to get into). Everyone wandered around to find their tables - Endless compliments and excitement shared amongst the group, alongside introductions of ball dates. It was exciting to see everyone after the holidays, especially all glammed up.

After dinner, an exquisite buffet filled with a variety of meals, the dance floor was quickly filled as everyone rushed to remember the steps of 'Uptown Funk', a dance we learned the previous year. Photos were taken the whole time to capture the candid dancing and fun while jamming out to the DJ Rio de Nero's playlist.

After an amazing night of dancing and laughter, we were once again requested to take our seats as our School Captains, Isabelle Mckeig and Sam Piotrowski, read out a speech addressing our year group, followed by Mr Krokosz and Mr Freel.

Later on, Mr Freel began handing out awards the Teachers voted on. The top awards of Belle and Beau of the Ball going to Courtney Read and Damien Rawcliffe, who were both presented with their respective sashes and a gift card to congratulate them on their absolutely outstanding appearance and involvement in the night.

Overall, the night was filled with excitement and entertainment, making the night one to remember.

Thank you to Mr Freel, the Ball Committee, Ms Rodrigues, all the staff who gave up their time to come and support us, and the student body for putting in their best effort to make the night grand. We truly appreciate it.

*Maddison Humphreys
Year 12 Arts Captain*

YEAR 12 BALL 2023 CONTINUED....

Year 11 Biologists head to Ramsar Site

This year, for the first time, our freshly initiated ATAR Biologists carried out their Week 3 fieldwork exercises at the Creery Wetland Reserve, a part of the Peel-Yalgorup wetlands network. This is a wetland of national and international importance, and was designated a 'Ramsar Site' in 1990.

Even on a relatively cool February day, the mosquitoes were active, and we needed to spray up several times to avoid severe loss of blood.

The students collected data on biodiversity, distribution and species richness in the samphire-dominated salt marsh, using random sampling with quadrats and a systematic belt transect. We then compared data collected with similar information from a local inland bush reserve.

This was a good exercise in teamwork, in addition to supplying data for further analysis back at school. It is good to see our ATAR Biology intake into Year 11 getting properly stuck into the programme (and the mud).

Mr Sullivan - Learning Area Coordinator, Science

Court Grammar Students

Embracing a Future with Pride and Optimism

The future of work

Welcome to a new school year that promises to offer more information about opportunities for Court Grammar School students to prepare for their future world of work. Throughout the year the school will receive many dates from a variety of universities and recently we received a flyer from the Shire of Boddington who will host an expo. Important dates are as follows:

University Open Dates

- UWA – Sunday 12 March
- Curtin – Sunday 26 March
- Notre Dame Fremantle – Sunday 2 April
- ECU – Sunday 30 April Mount Lawley Campus
- Murdoch – Saturday 29 April

Boddington Shire Council – Careers Expo – Friday 24 March

Students interested in Engineering, Construction or resource-sector careers may find this expo interesting as many resource sector exhibitors attend. For example, Austin Engineering, Westrac, Schlam, Engineering LGM, Linkforce, Charles Hull Contracting and many more.

MedEntry UCAT Preparation

Students interested in pursuing medicine and dentistry need to sit the UCAT test in July/August 2023. MedEntry is a government-accredited Registered Training Organisation specialising in UCAT preparation. MedEntry offers free resources, discounts of 40% for groups of two or more, and many other discounts including for those nominated by their teacher. For more information, please visit www.medentry.edu.au

A reminder that CGS will be holding a **Careers Expo** in the school Gymnasium in Term 2 so make a note to put Wednesday 31 May 9am – 11am into your calendars. More information will be sent to parents/guardians closer to the event.

This is an exciting time for young people to seek out as much information about their career pathways and explore possibilities while still at school. Students are encouraged to visit the Pavilion and take the time to check out the **Digital Notice Board** as it showcases some career pathway information as well as other important notices.

For further information, you are always welcome to contact the school.

Ms Stringer, Careers and Vocational Education Teacher

Year 10 Pastoral Care Program

The Year 10's have had a very quick start to the year with starting the Keys4Life program in their Pastoral time. The Keys4Life program is an invaluable course which is heavily supported by many Government groups in which the goal is to better educate the soon to be newest drivers to our roads.

The program starts off with a 10-week course, where they go through many different aspects of driving. The focus of these being largely around distractions and reducing risks when driving.

Students in Year 10, have been given two books to work through. One at school and the other as a take home book. It is a great talking point with these teenagers as they are super engaged and the discussions throughout the program so far have been amazing!

There is a **parent information night** on Tuesday, 7 March in the Pavilion starting at 5:30pm. Here we can answer any questions, you may have about the program and settle any concerns you may have.

Tristan Campbell, Year 10 Coordinator

Police Rangers

Court Grammar School Police Rangers meet every Monday afterschool from 3:15 until 5pm.

Students are involved in a range of outdoor and leadership activities. This term the Rangers have already completed a knots and lashings building challenge designed to test their application and teamwork skills. Other activities this term will include First Aid, mountain biking, navigation and Trangia cooking.

Police Rangers is open to students from Year 7 up and new students are always welcome.

Speak to Mr Krokosz for more information.

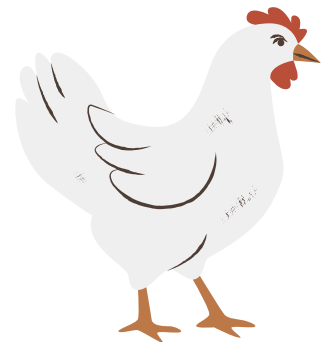

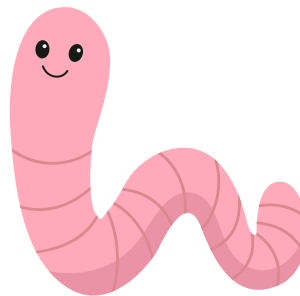

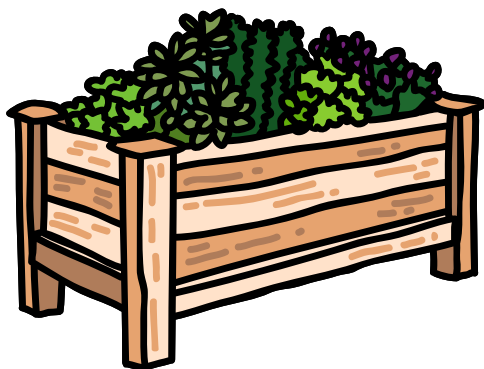

Environmental/ Sustainability Program

We are excited to inform the school community that our first project in our Environmental Sustainability Program is the setting up of a Garden Centre behind the Year 2 classrooms.

We will have a large number of garden beds, a chook pen, 4 worm farms and composting.

To get the project up and running we need your support. Firstly, if you have any refrigerators (de-gassed), welding skills, a bobcat, soil, hay, knowledge of reticulation or other items that might be useful to help start up the Garden Centre please contact me.

Secondly, we will be holding two fundraisers to help fund the setting up of the Garden Centre. More information to follow.

Steve Dowie
Head of Primary
Environmental Coordinator

Year 6 Bickley Camp 2023

It all suddenly started, so bright, and so exciting,
This is my poem about camp, for whom am I inviting?
It is you, it is you, I will take on a journey,
No need to fear, this is no such tourney,
I will take you on a trip to Bickley Camp,
A place so close, there's no need for a stamp,
Year 6 Camp was so happy with glee,
It was filled with such fun, just wait and see!

It all began on a day where the valley was green,
A place so wonderful it was fit for a queen,
We arrived with happiness, with smiles to go around,
Despite heavy luggage, which were to be dragged on the ground,
Dorms were announced, and spoken so proudly,
And food was eaten, so noisy and rowdy,
Activities everywhere, seen in every sight,
And Day 1 ended, with a thrilling game's night!

Day 2 started early, with no time to spare,
With bacon and eggs, and cereal to share,
And with a camp so wide, there's no need to hide,
So, we embraced the outdoors and stayed away from the inside,
Adding a lunch and dinner, too fresh to beat,
With a chocolatey dessert for a small and sweet treat,
For our last night at Bickley, we prepared something small,
"Year 6's Got Talent" would be held in the hall,
With laughs to go around, and talent to spare,
This evening at Bickley will be a memory to share.

Day 3 was a rush, with such acceleration,
And with un-discovered activities, set multiple aspirations,
With events such as canoeing and high ropes,
Set a fire in our minds, lit with such large hopes,

Saying goodbye, felt the smallest bit dry, yet we packed all our memories to go,
From snakes on the dam, to activities and more, and an unforgettable talent show,
Thank you everyone! For making this camp shine,
This camp was special, too special to define.

Carnevale 2023

Italian at Court Grammar School

In week four, we celebrated Carnevale in true Italian style. Lower Primary classes were given the opportunity to learn about Carnevale through the much-loved story of Arlecchino, a poor boy who did not have a costume to wear to the Carnevale party but felt the true meaning of friendship when all his classmates gave a piece of fabric from theirs. Arlecchino's mother sat up all night sewing all the pieces together to make her son a unique and very colourful costume.

The upper primary students were given the opportunity to make Carnevale masks. Complete with confetti, sequins and feathers. Students enjoyed wearing their marvellous creations.

Carnevale is a time of great festivity and fun in Italy and is celebrated just before the beginning of Lent. There is an Italian saying during Carnevale – 'Ogni scherzo vale' – anything goes!

Signora Hughes, Primary Italian Teacher

Uniform Shop Opening Times During School Term

Mondays: 8.00 - 11.00am

Wednesdays: 12.30pm - 3.30pm

As always, if you know the size and item, please complete an online order, which will be made ready for collection from Reception.

"A WELCOME FROM BEENYUP DENTAL THERAPY CENTRE (DTC)"

Our clinic is located on the grounds of Beenyup Primary School at 66 Shepparton Boulevard, Byford.

Please note we have had confusion due to the similarity in name with "Beenyup Dental Centre", they are a private dentist which is not connected to the government services.

Our Team

Sylvia and Tugba (Dental Therapists), Jeanet (Dental Clinic Assistant) and Nadia (Dental Officer) are working together to service the dental needs of enrolled children at our clinic.

Currently the Beenyup Dental Therapy Centre is open Wednesday to Friday from 8am to 4pm.

Our Services

The School Dental Service is a free service available to children from the age of 5-17 years old or to the completion of year 11 (whichever occurs first). Enrolment forms are sent out via the school admin team to any new students and all pre-primary students at the start of each calendar year (please note it is not compulsory for your child to be enrolled). If you receive one of these forms and wish to enrol please ensure it is completed and returned either to the school admin team or directly to the dental clinic.

What to Expect

Patients are predominantly seen by the Dental Therapists who provide a variety of services for your child(ren) as needed, and the services required are assessed on an individual basis.

Services available include examinations, referrals, scale and clean, preventive fissure sealants, Fluoride treatments, restorations (fillings) and extractions.

When an appointment is made with our clinic you may receive a letter in the post and a text message 2 working days prior. This message will come from an automated message service.

It is important that contact details are updated directly with the dental clinic as we cannot obtain any updates via the schools.

If you have recently changed your contact details, please contact the clinic by sending us an email beenyupdtc@health.wa.gov.au or call on 9526 6510.

Yours Sincerely

The Dental Team at Beenyup Dental Therapy Centre

NAB AFL Auskick is the best way to introduce kids to the great game of Aussie Rules Football! It's all about fun, getting hands on the ball and constantly being involved in exciting activities.

No AFL experience? No worries! Auskick offers an inclusive environment for everyone aged 5 - 8 at any skill level to play.

- Super fun game-based activities that kids absolutely love
- Non-contact activities in a welcoming and inclusive environment so all kids can play safely
- Games are tailored to different ages and skill levels, which means less lining up and more playing footy
- Come along and play footy, have fun and make friends, sign up today

We're reviewing our Strategic Community Plan to guide how we work with our community over the next 10 years.

We can't do that without your help.

We want to understand what matters to you to shape our future.
